

# greenLAB<sup>®</sup>

## Two Day Hub

Friday 4th June 8:30am - 3:00pm  
Manning Community Centre, 2 Conochie Crescent, Manning

Saturday 5th June 10.00am - 1.00pm  
World Environment Day Tree Planting and BBQ

**Join other schools from your local government area to share in activities about increasing, protecting, and monitoring bushland and urban canopy.**

**Your school can nominate 10 students accompanied by a teacher to attend.**

Outdoor activities focused on aspects of the bush and canopy with MK Citizen Scientists. Opportunities to share ideas with students from other schools.

Learn how to map your patch and assess its value.  
Plan your project and pitch your ideas to mentors.

Present your map and project ideas to your school Principal and to Millennium Kids to obtain the support you need to bring your project plan into action.

To register your school for more information email [cathy@millenniumkids.com.au](mailto:cathy@millenniumkids.com.au) or call 0437800306

Green Lab, a Millennium Kids Citizen Science program, is funded by the Western Australian Government's State Natural Resource Management Program and Federal Governments Communities Environment Program in the City of South Perth. Millennium Kids works in collaboration with Sustainable Schools WA to support schools sustainability goals.
